

A Competitive Advantage for Industrial Assembly Solutions

ENGINEERED FASTENING SOLUTIONS

JEMMS
SINCE 1988

Improve Accessibility To Hard-to-reach Fasteners

Built for the toughest conditions, our products perform reliably in harsh assembly plants and tightly confined robotic build cells.

JEMMS SOLUTIONS ARE DESIGNED TO:

- Reduce operator fatigue
- Improve product quality
- Turn "impossible" challenges into real solutions

Facing an access issue or looking to boost efficiency in your process? Let's talk. We partner with all major industrial tool brands and have experts ready to support you.
